

The University of Texas at Austin

Southwest Center for Accelerated Schools

Congratulations on being a recipient of the Texas Secondary School Redesign and Restructuring Cycle 6 Grant.

Give your staff, students and community the best possible start with the tools, skills and support that will allow them to successfully redesign and restructure your school.

The Accelerated Schools Project, a **TEA Approved Service Provider**, has brought Texas Secondary Schools notable success across all accountability measures for all student populations.

Located at the University of Texas at Austin since 1996, the Southwest Center for Accelerated Schools (SWCAS) has assisted hundreds of schools and reform-minded communities in Texas.

Your campus will benefit from a ***customized intervention plan based on your school's immediate challenges of AYP/AU*** as you simultaneously work to develop and implement a school-wide redesign plan.

On our website at www.swacceleratedschools.net you will find extensive research on the effectiveness of the Accelerated Schools Project.

Academic Intervention & Support Services

- High quality instructional strategies to establish a learning environment and instructional methods to meet the needs of all students.
- Use root cause analysis to identify barriers to student success.
- Review of current and longitudinal data and classroom performance.
- Intense specialized Summer Institutes for teachers. (provides 30 hrs. GT credit)
- Real-time staff development.
- Progress monitoring.

TAKS AEIS

SWCAS secondary schools improved in ALL TAKS & Math TAKS tests above the state average.

NCLB AYP

97% of SWCAS schools met required AYP standards compared to 81% statewide.
